

## **CERTIFICATE OF ORIGIN**

### **rCollagenase HI (Human Islet)**

*Version Aug 2025*

#### **COUNTRY OF ORIGIN**

rCollagenase HI, Catalog #001-4010 is manufactured entirely within the United States by VitaCyte, LLC.

#### **STATEMENT OF ANIMAL ORIGIN**

The media used to propagate the recombinant *E. coli* organism utilizes only synthetic and plant-based media components. The output of this process is purified to prepare recombinant collagenase (rCollagenase). No animal derived material is used or comes into contact with rCollagenase HI during any step of the manufacturing process.

*Electronically signed in Qualio® eQMS system*
